

AMENDED

Nº 49018

APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of filing in State Engineer's Office.....APR 29 1985.....

Returned to applicant for correction.....MAY 09 1985.....

Corrected application filed.....

Map filed.....MAY 15 1985.....

The applicant.....United States Air Force.....

554 Cess/Deser....., of.....Nellis Air Force Base.....
Street and No. or P.O. Box No. City or Town

Nevada 89191....., hereby make application for permission to appropriate the public
State and Zip Code No.

waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.).....

1. The source of the proposed appropriation is.....an underground source.....
Name of stream, lake, spring, underground or other source
Well No. 1.....

2. The amount of water applied for is.....0.03.....second-feet
One second-foot equals 448.83 gals. per min.

(a) If stored in reservoir give number of acre-feet.....

3. The water to be used for.....industrial.....
Irrigation, power, mining, manufacturing, domestic, or other use. Must limit to one use.

4. If use is for:

(a) Irrigation, state number of acres to be irrigated.....

(b) Stockwater, state number and kinds of animals to be watered.....

(c) Other use (describe fully under "No. 12. Remarks").....

(d) Power:

(1) Horsepower developed.....

(2) Point of return of water to stream.....

5. The water is to be diverted from its source at the following point.....SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 7, T.5N, R.51E
Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated.
M.D.B. & M. point of diversion being S.20°51'51"E 4487 feet from the
east $\frac{1}{4}$ corner of Section 1, T.5N, R.50E M.D.B. & M.

6. Place of use.....portions of NW $\frac{1}{4}$ Section 7, T.5N, R.51E M.D.B. & M.
Describe by legal subdivision. If on unsurveyed land, it should be so stated.

7. Use will begin about.....January 1st.....and end about.....December 31 st......, of each year.
Month and Day Month and Day

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.).....from well to above ground storage
State manner in which water is to be diverted, i.e. diversion structure, ditches and tanks, drilled well with pump and motor, etc.
tanks to underground pipe lines to dwelling and shops.

9. Estimated cost of works.....completed, \$100,000 \pm

10. Estimated time required to construct works. sames as item no. 8
If well completed, describe works.
11. Estimated time required to complete the application of water to beneficial use. 1 year
12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.
- Water to be used for 9 dwellings with landscaping, 5 shop buildings and fire protection system and dust abatement for airstrip. Above ground tanks are two, two thousand gallon steel tanks. Well was drilled about 1965, no data is available for size and depth of well or size of pump. Amount of water to be used 13.5 G.P.M., 24 hr/day, 7 days/week throughout the year. By s/ Brent R. Woolsey(agent)

- Protested. _____

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. This well shall be equipped with a two (2) inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins or before the Proof of Completion of Work is filed.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The total combined duty of water under Permits 49018 and 49019 shall not exceed 7.08 million gallons annually.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.03 cubic feet per second, but not to exceed 7.08 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before September 4, 1986

Proof of completion of work shall be filed on or before October 4, 1986

Application of water to beneficial use shall be made on or before September 4, 1988

Proof of the application of water to beneficial use shall be filed on or before October 4, 1988

Map in support of proof of beneficial use shall be filed on or before _____

Completion of work filed FEB 05 1986

Proof of beneficial use filed 10-21-88

Cultural map filed _____

Certificate No. 12964 Issued AUG 19 1991

IN TESTIMONY WHEREOF, I, PETER G. MORROS
State Engineer of Nevada, have hereunto set my hand and the seal of
my office, this 4th day of September,
A.D. 1985
